DUOBLADE 50 pcs

- Self-drilling plasterboard plug for fast and easy installation
- PZ2 drive - same drive for plug and screw

500 PIECES

SX 8 x 40 PLUG
5/16" drill size & 1/4" screw

- Four-way expansion. This allows for high holding values in solid and hollow building materials
- No expansion pressure on the plug neck. This means that tiles or plaster are not damaged
- 5/16" plug comes with 1/4" screw

2500 PIECES

DUOTEC 10 S PH
TOGGLE FIXING

- The nylon toggle fischer DuoTec for high tensile and transverse loads through 2 components
- Metal skeleton insert for high loads in very load bearing panel building materials
- The toggle element automatically folds behind the panel and gives it its strength

200 PIECES
